Dear Mr. Cardinal,

Thank you for inviting me to the Town of Oakland, FL to participate in your Youth Eyecare Services, (YES), presentation and demonstration. This was a Saturday well spent as I witnessed a worthwhile, well supported event.

As an organization that supports veterans, their children, and others that are in need of vision care, I applaud you. There is a great need for expedited vision screenings and distribution of vision products. After observing your screening process, and seeing such a large number of participants screened in such a short length of time, I could envision whole classrooms going through the process in a matter of minutes.

I believe that your Youth Eyecare Services (YES) is a program that will help low income families and many young people in need of these services.

Eugene L. Fultz
